

Revised Notice of Public Hearing

October 18, 2021

Ref. 2022-H-04
Revision 1

CNSC to conduct a public hearing on Canadian Light Source Inc.'s application to renew operating licence for its Class IB synchrotron facility

The Canadian Nuclear Safety Commission (CNSC) announces a date change for the public hearing to consider an application from Canadian Light Source Inc. (CLSI) for a 10-year renewal of its particle accelerator operating licence for its Class IB synchrotron facility. The CLSI facility is located on the University of Saskatchewan campus in Saskatoon, Saskatchewan. **The public hearing, originally scheduled to be held on March 9 or 10, 2022, will now be held on March 23 or 24, 2022. The new deadlines for filing submissions are indicated below.**

The current licence, which expires in May 2022, authorizes CLSI to operate a Class IB synchrotron facility and to process nuclear substances. In its licence renewal application, CLSI is not seeking any changes to the existing licensed activities but is also requesting that the Commission accept its updated financial guarantee.

Date: March 23 or 24, 2022
Place: To be determined (virtual hearing or CNSC public hearing room, 14th floor, 280 Slater Street, Ottawa, ON)
Time: As set by the agenda published prior to the hearing date

The public hearing will be webcast live and available on the CNSC website at nuclearsafety.gc.ca.

To assist Indigenous peoples, members of the public and stakeholders in reviewing CLSI's application, and as previously set out in the notice of public hearing published on August 3, 2021, participant funding of up to \$35,000 was made available through the CNSC's [Participant Funding Program](#). The deadline to submit a completed participant funding application form to the CNSC was October 1, 2021.

[CLSI's submission](#), to be considered at the hearing, is available on the CNSC website or by request to the Secretariat. CNSC staff's recommendations will be available after **December 8, 2021**.

Pursuant to Rule 19 of the *Canadian Nuclear Safety Commission Rules of Procedure*, persons who have an interest or expertise in this matter or information that may be useful to the Commission in coming to a decision are invited to comment on CLSI's application. Requests to intervene must be filed with the Commission Secretariat by **February 7, 2022**, using the [online request form](#) or the contact information below. **The request to intervene must include the following information:**

- A written submission of the comments to be presented to the Commission
- A statement setting out whether the requester wishes to intervene by way of written submission only or by way of written submission and oral presentation
- The requester's name, address, telephone number and email address

All submissions will be available for download on the CNSC website or on request to the Secretariat. Personal information, such as email address and telephone number, is essential for linking the submission to its author. If you wish to ensure the confidentiality of your personal information, please submit it on a separate page.
